

# We have prayed for you.

Today some of your neighbors prayed for you and your community. We are asking God to bless this area by drawing each of us to Himself in such a way that we all experience the gift of salvation found in Jesus Christ. We long for Tennessee to experience the love of God in such a way that transforms our lives and our communities.

*We invite you to join us in praying for your neighbors.*

If you have any specific prayer concerns, you can contact us through the information provided on the bottom of this card.
