Student should be able to take and follow through on instructions given; establish relationships with others, be a team player, as well as independent worker.

May 22-24 Send TN Orientation
August 2-3 Send TN Debriefing

DESCRIPTION

Maine is the largest of all the New England States. With less than 3% Christ followers, Maine is full of opportunities for ministry. Within the state, there are 22 SBC churches, 20 NAMB church plants, and 33 colleges. Only 13 of those have an evangelical presence.

Summer Missionaries will travel across the state serving in areas of specific need including, service projects, leading worship, age group ministry, discipleship, outreach, and evangelism. Schedule and location will change weekly and will include work in churches, and campus ministry.

Missionaries will work on university campuses to connect with college students, do outreach, small groups, etc. in preparation for student led organizations to be established on campuses where no evangelical student group exists.
