#1-19 Evangelistic / Community Events, Construction, Prayerwalking ~ Wethersfield, CT ~
Church Revitalization - CenterPoint Community Church - 840 Silas Deane Hwy., Wethersfield, CT

This church has multiple needs now through 2019. They would like to do a survey and prayer walk of their community in connection with their Coffee Shop. A survey team the week or two before would be helpful to get the word out and to get everything prepared. They need construction teams to help (1) install flooring (Laminate or vinyl) to cover our tile floors (2) remove a drop down ceiling and move some lighting and sound wiring. They may need help in the financing of the ceiling project. Their coffee cafe in the church lobby to share free coffee with their community is key to building more relationships. They need new or used professional coffee machines and accessories to help make it a better experience.

Housing: They have an RV that can sleep 7 and host homes for more. People can sleep in the church too - showers at a local rec pool.
