

Baptist Collegiate Ministry of Greater Nashville is committed to serving college students in the Nashville area. Currently there is BCM presence on the campuses of Belmont University, Lipscomb University, and Vanderbilt University. Diversity and inclusion are high priorities among collegians and BCM is committed to helping students find identity in Jesus Christ as they journey through their collegiate career. BCM Ministry looks different on each college campus; though, there is a cohesive community when the three campuses get together at BCMGN events. As a campus missionary of BCM of Greater Nashville, you will have the opportunity to serve on each campus, aiding campus ministers and student leadership with weekly outreach and discipleship. You will engage students of all cultures, disciple existing believers, and share in Gospel conversations with students that do not yet believe.
