

BCM Cleveland serves two schools across three campuses: Lee University and Cleveland State Community College (Cleveland and Athens). Each school currently enrolls between 3,000-4,000 students. Cleveland, TN is located about 30 miles north of Chattanooga and 75 miles south of Knoxville on I-75. Cleveland is surrounded by natural beauty, with plentiful hiking and river activities between the Ocoee region and downtown Chattanooga. Clevelanders also enjoy coffee from a dozen local shops around town. At BCM Cleveland, you'll have an opportunity to connect with many students from a church background and many others who would not claim any religion as their own. Here we funnel everything through three main objectives: Following Jesus, Building Community, and Changing the World – all through and because of Christ.
