

Memphis, TN, is an amazing city full of life, ministry opportunities, and COLLEGE STUDENTS! Baptist Collegiate Ministries of Memphis (BCMM) is committed to reaching, discipling, serving, and mobilizing college students in the Memphis area. We have had a presence on several campuses in the past, but our primary campus now is the University of Memphis (Go TIGERS!). With over 21,000 students enrolled, the UofM is regularly in the top 2 or 3 campus populations each year in Tennessee. The BCMM is excited to establish new BCM ministries on other campuses in our city. Rhodes University, Christian Brothers University, UT Health Science Center, and Southwest Community College are all part of our long-term vision to have strong, established, thriving Campus ministries. As a campus missionary of the BCMM, you will have the opportunity to serve on a primarily new campus, establishing connections with students and University staff, while working closely with the BCMM staff to plan and initiate the new work. You will also have opportunity to fellowship and connect with University of Memphis students as we have shared events and gatherings each week. We will look at a campus missionary's gifts, passions, strengths, and experiences to help determine the area of service and the primary campus. It's exciting to think about the possibilities of what God can accomplish in Memphis through those who love Jesus and love college students!
