Project Connect Nashville works to alleviate poverty through Christ-centered education and community. One of the ways that they do that is through their quarterly Work Life class. Students and volunteer allies attend classes Monday-Thursday for six weeks and take a journey through God's design for work, their strengths in the workplace, practical soft skills for navigating difficult work situations, resumé building, and more! With each class, volunteers provide a meal, and we use the time over a shared meal to nurture Kingdom-building relationships. Do you have the gift of hospitality and live in the Nashville area? Sign up to provide one of these **meals for around 12 people** [here](#). If you know Churches, Ministry Centers, or Individuals in your area that would be interested in exploring such options, contact Angel Pyrz at angel@projectconnectnashville.org
