

Seeing the Harvest

Did You Know?

It has been said that one of the greatest evangelistic methods under heaven is church planting. You may ask how can my church be involved in church planting?

SEVEN STEPS TO PLANTING A CHURCH

PRAY for the spiritually lost in Tennessee and how God can use your church in church planting.

IDENTIFY people and places that are not being reached with the Gospel.

ENLIST volunteers from your church to be a missionary team to plant the new church.

RECRUIT partner churches to join you in planting a new church.

MOBILIZE your team to evangelize, disciple and congregate new believers that your team reaches.

SUPPORT and provide resources, guidance, and encouragement to the new church plant.

CELEBRATE the growth of the new church plant and the new believers in Christ continuously.
